French White Oak Collection

Vision
Wood

ABOUT VISION WOOD

Vision Wood is well known around the world as the premier supplier and manufacturer of French White Oak flooring, and we specialize in ultra wide French Oak plank, wall paneling, herringbone, and custom parquet flooring. Our philosophy is to create finishes and textures that work in harmony with the natural beauty and age of the French oak timber that we use.

The Pamplona Collection is the reflection of our love for nature. The feeling of velvety wool and the soft touch of wood are some of the sensations that inspire this collection. The colors are faded and warm, which is the perfect expression of our roots and Mediterranean culture.

OUR PLANET MATTERS

Vision Wood was built on 30 years of traveling the world to find the finest materials on the cutting edge of performance. Our clients—the developers, architects, designers and homeowners—consistently rely on our team to provide the highest quality components to achieve a project worthy of the admiration it deserves.

All of our partners are leaders in their respective industries for environmental responsibility and carbon compliance. With sustainability being another core belief, Vision Wood only engages in partnerships with companies that manage forests responsibly by promoting their growth and protection for future generations. The products we offer have no added urea formaldehyde and low volatile organic compounds. All of Vision Wood materials are sustainably forested.
